LUNA-S PoS System

HiStone

LUNA-S HK528 POS System (Windows & Linux)

The HiStone Luna-S All-In-One Point of Sale System is the perfect fusion of power, functionality, and style, ideal for any retail, hospitality, or service-based business. With its modern design, intuitive interface, and powerful processor, the Luna-S elevates your customer experience and streamlines your operations.

The larger 15.6 Inch touchscreen provides a responsive and intuitive interaction to ensure smooth navigation and enhances the overall user experience. Despite its impressive capabilities, the Luna-S has a remarkably small footprint, leaving more room for other essential equipment and maximising your counter space.

The combination of its expansive touchscreen, compact size, integrated printer, performance-driven CPU, extensive I/O ports, and stylish design make this PoS system the perfect option for businesses looking for an affordable, high-quality solution.

Features

- ❑ All-In-One PoS with 15.6" TFT LCD widescreen display
- ❑ True flat capacitive touch screen
- ❑ Fanless design for silent operation
- ❑ Space-saving compact footprint
- ❑ Optional integrated 80mm thermal printer
- ❑ Optional 10.1" or 15.6" LCD customer-facing display
- ❑ Supports biometric fingerprint reader (on an external cradle)
